**ADMINISTRATIVE ORDER**

CHFS 2010 - 08

May 28, 2010

The Kentucky Health Information Exchange Coordinating Council (KY-HIECC) was established through Administrative Order CHFS 2010-02 dated February 23, 2010. The KY-HIECC and its six (6) committees will assist the Governor's Office of Electronic Health Information (GOEHI) in studying and seeking expert opinion, as well as stakeholder input, on critical issues related to health information exchange at the state, regional, and local levels, including the development of policies and procedures that will guide the implementation and operation of the Kentucky Health Information Exchange.

Appointments to the KY-HIECC will mark the beginning of a highly structured process through which stakeholders are engaged in an iterative process that recommends policies and procedures beginning with the formative stages and builds capacity to reflect the continuing growth and evolution of the Kentucky Health Information Exchange at various stages of implementation. Ex-officio members include: (1) Executive Director of GOEHI, who shall act as Council Chair; (2) the Commissioner for the Department for Medicaid Services; (3) the Commissioner for the Department for Public Health; (4) the Commissioner for the Department for Behavioral Health, Development and Intellectual Disabilities; (5) the Chief Information Officer of the Cabinet for Health and Family Services; (6) the Executive Director of the Office of Administrative and Technology Services; and (7) the Finance and Administration Cabinet Broadband Coordinator. Other membership was drawn from health care providers; Regional Health Information Organizations (RHIOs); health plans; patient or consumer organizations; health information technology vendors; public health agencies; universities, and colleges; clinical researchers; and other users of health information technology including health practice managers and care coordinators.

Accordingly, this 23-member Council represents a board-range of stakeholder interests and will advise and assist GOEHI in the development of the State Health Information Exchange (HIE) Strategic and Operations Plan.

By virtue of the authority vested in me by KRS 194A.050, I, Janie Miller, Secretary of the Cabinet for Health and Family Services, do hereby appoint the following as members of the Kentucky Health Information Exchange Coordinating Council for a two-year term.

**Paige Franklin, Louisville, KY** - Vice President of Information Services and Data with the Kentucky Hospital Association with a focus on health care, banking, manufacturing, and education.
